

Friday April 26th, Phi Theta Kappa,  
We discussed...

- Paws for Stress happening on Thursday from 11-12 in the Cafeteria.

- Ellen Roster came to the meeting today to discuss an idea for our college project. An idea that came up was trying to connect the college with the surrounding high schools. We want to try get more high school students to know and learn about Ridgewater. We want to show the students and staff what Ridgewater has to offer. We can also tell the high school students about PTK, so they will want to join once they arrive. Another idea is to set up a student panel in surrounding high schools during their lunch hour, to spread the word about what Ridgewater and PTK has to offer.

- Road Ditch clean up is on Friday May 3rd at 2:00.

- John Wood is retiring, so we are thinking of possible staff who would be a good PTK leader.

- Books for Africa. During Finals week, we will be boxing up books that the bookstore does not sell to use for scholarships.
