POLICY

Part 1. Purpose

In accordance with Minnesota State Board Policy 4.4, the following policy and procedure are followed when it becomes necessary to close the college or cancel academic and/or non-academic activities at the college due to extreme weather or other short-term emergency conditions. A description of working conditions and the compensation status of employees during the time the college is closed is included.

Part 2. Definitions and Work Responsibility

Subpart A. Campus(es) Closed – Closing the college means to close all operations other than those deemed essential (as defined below) to the protection of life and property. Closing the college results in the cancelation of all classes, student, faculty and staff activities, and meetings. All general offices are closed. The campus closed status can be declared at one or both campuses dependent upon the location and nature of the emergency situation. With regard to such closure, the following additional guidelines will prevail.

1. All College employees are excused from work with pay. Earn code “MSL” should be used on AFSCME, MMA, and MAPE employee timesheets.

2. Identified essential employees are not excused from work and will be paid at their regular rate of pay.

3. Employees who reported to work and were sent home should not be paid for more than their regular scheduled hours.

4. Employees on approved sick or any other type of approved leave shall not have such leave time restored to their balances nor be paid for the emergency leave time unless they are called back to work.

Cancelation of non-academic activities refers to cancelation of activities such as athletic events, theatrical productions, concerts, or workshops. Cancelation of classes and/or activities does not excuse any employee for work.

1. When classes are canceled but the college is not closed, individual faculty shall take personal leave or make appropriate curricular adjustments as approved by their supervisor.

2. When non-academic activities are canceled, the activities shall be rescheduled as appropriate.

3. During inclement weather when a campus(es) is not closed, supervisors may grant personal leave or vacation leave to employees who find it necessary to leave work early or who cannot make it into work.
